Please be advised that the City of Los Angeles Solid Waste Local Enforcement Agency (LEA) received and approved a Report of Facility Information (RFI) amendment to the Solid Waste Facility Permit for the Active Recycling & Transfer Station. The LEA is certified by the California Department of Resources Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within the City of Los Angeles, including all transfer stations.

**NOTICE OF CHANGE TO RFI
CWS-DTLA
SWIS No. 19-AR-1228
June 20, 2023**

page 2 of 2

Description of Project and LEA's Determination

The CWS-DTLA facility is a 1.24-acre transfer station located at 3720 Noakes St., in Los Angeles, California.

On June 14, 2023, the LEA received from CWS-DTLA an application for a modification to the SWFP to shift the permitted boundary and make changes to the location of the loading area for the sorting machine and bunkers.

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents including the Addendum of April 2023, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the modification and CEQA addendum on June 20, 2023.

Where copy of application can be reviewed

A copy of the approved application for the Modification to SWFP is available for public review by appointment in the LEA office located at 221 N. Figueroa St., Rm. 1250, Los Angeles, CA 90012. Please contact Mr. Jose Gutierrez at (213) 252-3348 to make an appointment. The approved application may also be seen online at:
