"GOOD NEIGHBOR" Construction Practices

Practicing the following will minimize the negative impact of your construction project on the surrounding community:

- Whenever possible construction vehicles should be parked on site to prevent congestion on streets with limited parking.
- When temporarily blocking portions of streets for deliveries of construction materials please provide flag persons to assist with pedestrian and vehicular traffic. BSS - LAMC 62.46
- Routine street closures shall not take place during peak traffic hours. Any street, sidewalk, or other improvement work shall be in conformance with the latest Manual on Work Area Traffic Control. BSS - LAMC 62.107
- Care should be taken to not overfill concrete trucks during deliveries. If spills occur it is the responsibility of the concrete company to immediately provide clean up. BSS - LAMC 62.130
- Construction noise should be kept to a minimum with consideration of the surrounding neighbors. Unnecessary noise such as music should be kept below legal levels. LAPD, LADBS, BSS - LAMC 112.01, 112.03, 112.04, 112.05
- Streets and sidewalks adjacent to construction sites should be swept and kept free of construction debris at all times. BSS - LAMC 62.45 through 62.54
- Care should be taken to not interfere with trash pick-up by the Bureau of Sanitation. Construction and delivery vehicles are subject to trash pick-up parking restrictions. LADOT - LAMC 80.69
- If building materials are to be stored in public right of way it shall be by permit from the Department of Public Works, Bureau of Street Services, Investigations and Enforcement Division and shall conform with all applicable rules. BSS - LAMC 62.45 through 62.54
- Comply with the following Permitted Construction/Demolition Hours. LAPD, BSS-LAMC 41.40
