

GUIDELINES FOR PLAN CHECK AND PERMIT REQUIREMENTS FOR INTERIM MOTEL (HOTEL) CONVERSION PROJECTS

On April 20th, 2018, Ordinance 185489 became effective amending Sections 12.03, 14.00 and 151.02 of the Los Angeles Municipal Code (LAMC) and established regulations to facilitate the use of existing hotels and motels for Supportive Housing or Transitional Housing for persons experiencing homelessness or those at risk of homelessness.

The purpose of this Information Bulletin is to provide guidance for the plan check and permitting process of the Los Angeles Department of Building and Safety (LADBS) for any proposed Interim Motel Housing Project pursuant to Ordinance 185489.

LAMC Section 14.00.A.12 facilitates the interim use of existing transient residential structures, such as Motels, Hotels, Apartment Hotels, Transient Occupancy Residential Structures and Hostels as Supportive Housing or Transitional Housing for persons experiencing homelessness or those at risk of homelessness. Under this subdivision, the structure may return to its previous use, or any use consistent with the underlying zone, upon termination of the interim Supportive Housing or Transitional Housing use.

All Interim Motel Housing Projects shall meet the zoning compliance and performance standards as described in the ordinance and this information bulletin. Interim Motel Housing Projects shall not be considered an increase in density or other change which requires any corresponding discretionary action.
