

Energy and Water Efficiency Related Programs and Information

Last Revised 10/4/2024

The following information contains links to opportunities, incentivized programs, and resources for building owners to make their buildings more energy and water efficient. The Department of Building and Safety encourages you to review the information provided so that you can make well informed decisions about improving the operations of your building.

LADWP Incentivized Energy Savings Programs

LADWP offers a range of energy saving programs to help you manage costs and reduce your consumption, the following are a few of the featured rebate programs. *For more information on LADWP rebates and programs*, visit www.ladwp.com/business:

- **Commercial Lighting Incentive Program (CLIP)**

LADWP's Commercial Lighting Incentive Program (CLIP) offers commercial customers incentives on the installation of newly purchased and installed energy-saving lighting and controls. *For more information*, visit www.ladwp.com/clip, call (213) 367-4215 or email clip@ladwp.com.

- **Business Offerings for Sustainable Solutions (BOSS)**

LADWP's Business Offerings for Sustainable Solutions offers financial incentives to commercial customers for energy savings achieved through the installation and implementation of a variety of energy efficiency measures, including but not limited to high efficiency cooling equipment, variable speed drives and retro-commissioning measures. In addition, electrification incentives are available for converting existing gas equipment to all electric. For more information, visit www.ladwp.com/boss, call (213) 367-3436 or email boss@ladwp.com.

- **LADWP Zero By Design (LADWP ZBD)**

LADWP's Zero By Design encourages developers to build more sustainably by providing financial incentives for commercial and high-rise multifamily new construction projects which exceed Title 24 requirements or industry standards. *For more information*, visit www.ladwp.com/ladwpzbd, call (213) 367-8755 or email ladwpzbd@ladwp.com.

HUD Free Benchmarking Services for eligible HUD-assisted multifamily properties

The U.S. Department of Housing and Urban Development's Office of Multifamily Housing Programs is offering free energy and water benchmarking services to eligible HUD-assisted multifamily properties. Visit <https://www.hud.gov/grrp/benchmarking> to see if you qualify and for more information.

Note: LADBS does not endorse any service providers
