## EXISTING BUILDINGS ENERGY & WATER EFFICIENCY PROGRAM

Last Updated: 3/30/2018

### Information about the Compliance Data

#### 1. Building Number

This is the unique LA City Building ID provided to the building owner in every notification to comply with the EBEWE Ordinance. It is not the same as the Property ID in Energy Star Portfolio Manager.

#### 2. Year (Benchmark Year)

This is the year for which the building was required to be benchmarked against (e.g., report of energy usage for the year shown). Benchmark years were staggered based on the building criteria listed in the Ordinance. For example, Privately-owned buildings greater than 100,000 gross square feet were required to submit a benchmark report by July 1, 2016 (and then by July 1st every year thereafter). The document titled ["Scope of Ordinance No. 184674 as Amended by Ordinance 185198"](#) provides a summary of the criteria of the buildings that must comply with the EBEWE Ordinance and those that are exceptions to the requirements of the EBEWE Ordinance.

#### 3. EBEWE Compliance Status

The status will be either "COMPLIED" or "NOT COMPLIED". A Complied status means the building owner has completed all of the 3 steps outlined in [I. Ordinance Background and How to Comply](#). Not Complied means the building owner has not completed all of the requirements specified in the EBEWE Ordinance. For example, the owner may have submitted a benchmark report to Energy Star, but not to LADBS.
