

SWIMMING POOL PERMIT ISSUANCE AND INSPECTION PROCEDURE FOR NOISE LEVEL CONTROL

Article 2 of the Los Angeles Municipal Code states that the noise level from swimming pool/spa equipment cannot exceed the ambient noise level of any other occupied property [or adjoining unit in a multi-dwelling structure] by more than five (5) decibels.

The procedure for assuring compliance with this ordinance is as follows:

1. In addition to the plan check fee and building permit fee, a Minimum Inspection Fee, as specified in Section 98.0412 of the Los Angeles Municipal Code, shall be paid when the swimming pool/spa permit is issued.
2. Inspection and approval by an Inspector designated to review noise levels, prior to the final inspection of the swimming pool/spa permit, are required.

EXCEPTION: Pool/spa equipment that is located at least 10 feet from the property lines are exempted from this fee.
